

## INTERNATIONAL PAEDIATRIC FELLOWSHIP PROGRAM at the Gaslini Institute

The Gaslini Institute offers an International Fellowship Programme to candidates from across the world in an unparalleled range of paediatric specialties.

Our Fellowships are aimed at international postgraduate medical trainees who are already well advanced in their specialty training and are looking to gain sub-specialist expertise at a world-renowned centre of excellence.

The International Fellowship Programme welcomes doctors who have completed a degree in Medicine (minimum requirement), Residency in Paediatrics or in subspecialty he/she will do the fellowship

### **The International Fellowship Programme will provide a unique experience for the individual doctor**

The programme will be for a minimum of 6 months, and a maximum of 2 years depending on the chosen Speciality. The Fellow will be embedded in their chosen department and will be assigned a dedicated consultant mentor who will monitor and review their progress and will guide them in their learning and in gaining clinical experience.

### **Available Scientific Areas**

- Department of Medical-Pediatric Sciences
- Department of Surgical Sciences
- Department Hemato – Oncology
- Emergency and Acceptance Department
- Maternal-Neonatal Department
- Department of Services

The Fellow will be a fully involved and active member of the clinical team and will see and manage patients under the guidance of the senior staff, attending multidisciplinary meetings, ward rounds, clinics, operating theatres etc. They will have every opportunity to take advantage of our range of formal teaching, lectures, Grand Rounds, and online training modules. Fellows will be obliged to complete mandatory safety training.

## About the Gaslini Institute

The Giannina Gaslini Children's Hospital is an academic medical Institute specialized in paediatrics, that develops biomedical Research and is recognized by the Italian Ministry of Health as Scientific Institute of excellence. Since its foundation in 1938, the hospital has been dedicated to children's healthcare and to finding new and better ways to treat childhood illnesses.

Gaslini is the regional reference centre for the care of critically ill newborns and manage the neonatal transport, it is the venue of the regional emergency department and national reference centre for the treatment of complex neonatal, paediatric and adolescent diseases requiring specialized medical and surgical care: more than 45% of patients come from other Italian regions and from abroad.

Integration among healthcare, research, teaching, and continuing education guarantees quality of care and excellence of services from all perspectives, namely: of patient safety, overall management of patient and family, early and effective healthcare services.

Health care activity is carried out in compliance with criteria of appropriateness, with continuous review of clinical pathways, in order to guarantee the most appropriate healthcare setting to respond to all patient needs.
